

Live your music.

Personal piano catalogue

Welcome to Yamaha Digital Pianos

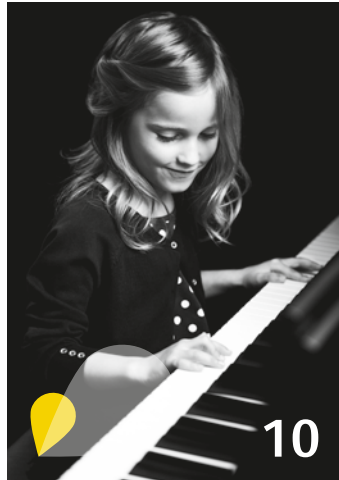

From student to professional, pianists all over the world love their Yamaha instruments. In this brochure you will discover pianos for the home, studio, school and stage. There are classic digital pianos which are ideal for beginners and accomplished players, portable instruments, compact and modern designs and versatile models which are great for composing and for playing a wide range of music styles.

Portable

P-255 • P-115 • P-45

Yamaha Portable Pianos are compact and lightweight which makes them ideal companions for a life on the road. Back at home your Yamaha Portable Piano will take up minimal space and will look great in any room, especially with its optional matching stand. Some models also offer a choice of colours to complement your décor.

Compact & Modern

YDP-S52

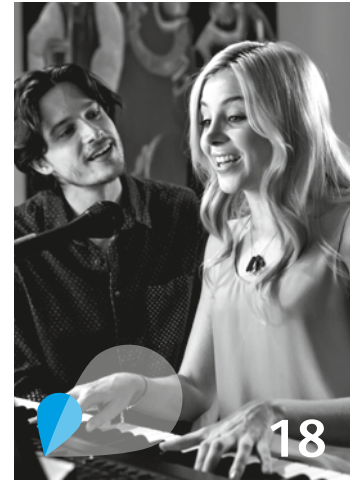

We've made a piano that has some very special qualities. Naturally, it sounds superb and feels wonderfully responsive to play. You'll also discover a modern, compact design that takes up a very small space but maintains a sophisticated elegance that will grace any room.

Classic

YDP-163 • YDP-143

Yamaha made its first digital piano over thirty years ago so we know what goes into making a classic instrument. Yamaha ARIUS brings the latest developments in digital piano technology to a range of instruments offering a wide choice of specification and colour options.

Versatile

YDP-V240 • DGX-660

A piano... and more. You can play a versatile piano in exactly the same way as a standard instrument. However, thanks to a wide range of innovative features, you can do so much more including multi-part recording and playing with a virtual "backing band". Versatile pianos have the power to captivate, educate and inspire players of all abilities and have to be seen and heard to be believed!

“I’m ready
to hit
the road –
and so
is my
piano.”

BEAUTIFUL SOUNDS ON TOUR

P-series pianos are great for a life on the road, but these flexible instruments are also ideal for the home. You can take them virtually anywhere and, when you

get back home, they will look superb thanks to their stylish and compact design. However, their small size certainly doesn’t mean a small sound...

TIM H.,
28 YEARS OLD

During the week, Tim can often be found rehearsing in the basement with his friends. He spends most of his weekends playing on stage or at parties. His Yamaha P-255 digital piano goes wherever he does.

Portable

P-255 Highlights

- Graded Hammer (GH) keyboard with 88 keys and synthetic ivory keytops
- Pure CF Sound Engine
- 24 voices
- 256-note polyphony
- 10 rhythms
- Damper resonance
- String resonance
- 4 types of reverb
- 3-band equalizer
- 2 track recording (10 songs)
- Sound Boost
- Dual and Split function
- USB TO DEVICE terminal, USB TO HOST terminal
- MIDI In/Out

Optional Accessories

- Stand in black (L-255B) or white (L-255WH), and LP-255B/LP-255WH pedal unit

Finished in:

Black (P-255B)

White (P-255WH)

P-255

Play without limits – at any performance

Clear the stage for the P-255 digital piano. Its Pure CF Sound Engine gives you a superb tonal quality while the Graded Hammer keyboard with synthetic ivory keytops provides an outstanding feel and response.

There's a wide range of realistic instrument voices to choose from and the built-in rhythms are perfect for performing a variety of music styles.

The 3-band equalizer sliders enable you to effortlessly adjust the sound to your liking which makes the P-255 great to play in any environment. The Sound Boost feature enhances the overall tone of the piano which is ideal for performing with other musicians.

You can also record your performances using the USB audio recording function.

With the free P-255 Controller App it is even possible to control functions and settings of the piano using your iPhone or iPad.

P-255 Controller App

The P-255 Controller App for your iPhone/iPad/iPod touch gives you easy access to the various functions of the instrument.

You can also use the App to save and manage your recordings and store your favourite set-ups.

See Page 24 for more information.

Digital Piano Controller App

The Digital Piano Controller App for your iPhone/iPad/iPod touch gives you easy access to the various functions of the instrument.

You can also use the App to save and manage your recordings and store your favourite set-ups.

See Page 24 for more information.

P-115 On your way – with the brilliant piano “to go”

P-115 packs a great piano with powerful features into an unbelievably slim and compact design. Naturally, the sound and response is everything that you would expect from a Yamaha instrument but that's only part of the story. There are many other exciting features including 14 rhythms and 10 pianist styles which are perfect for playing different genres of music. With duo, split and dual keyboard modes plus 2 track recording,

the P-115 offers inspiring ways to get more from your piano playing.

The USB-to-Host feature allows simple link-ups with PCs and iOS devices to, for example, use the free Digital Piano Controller App.

It is extremely portable but will also look great in the home, especially when paired with the optional matching stand and pedal unit.

P-115 Highlights

- Graded Hammer Standard (GHS) keyboard with 88 keys and matte-finish black keys
- Pure CF Sound Engine
- 14 voices
- 192-note polyphony
- 14 rhythms and 10 pianist styles
- Metronome
- Damper resonance
- 4 types of reverb
- 2 track recording (1 song)
- Intelligent Acoustic Control (IAC)
- Sound Boost
- Dual and Split function
- Duo mode
- USB TO HOST terminal
- AUX Out

Optional Accessories

- Stand in black (L-85) or white (L-85WH), and LP-5A/LP-5AWH pedal unit

Finished in:

Black (P-115B)
White (P-115WH)

P-45

Take a great piano with you wherever you go...

The P-45 represents outstanding value for money. The sound and keyboard response are excellent and its highly portable design ensures that you don't have to restrict your piano playing to just one location.

The P-45 has a Graded Hammer Standard (GHS) weighted keyboard, ten authentic voices and a host of useful features including digital reverb and duo mode, which is great for teacher/student practice sessions. The optional stand ensures that the instrument looks great in the home as well as on stage.

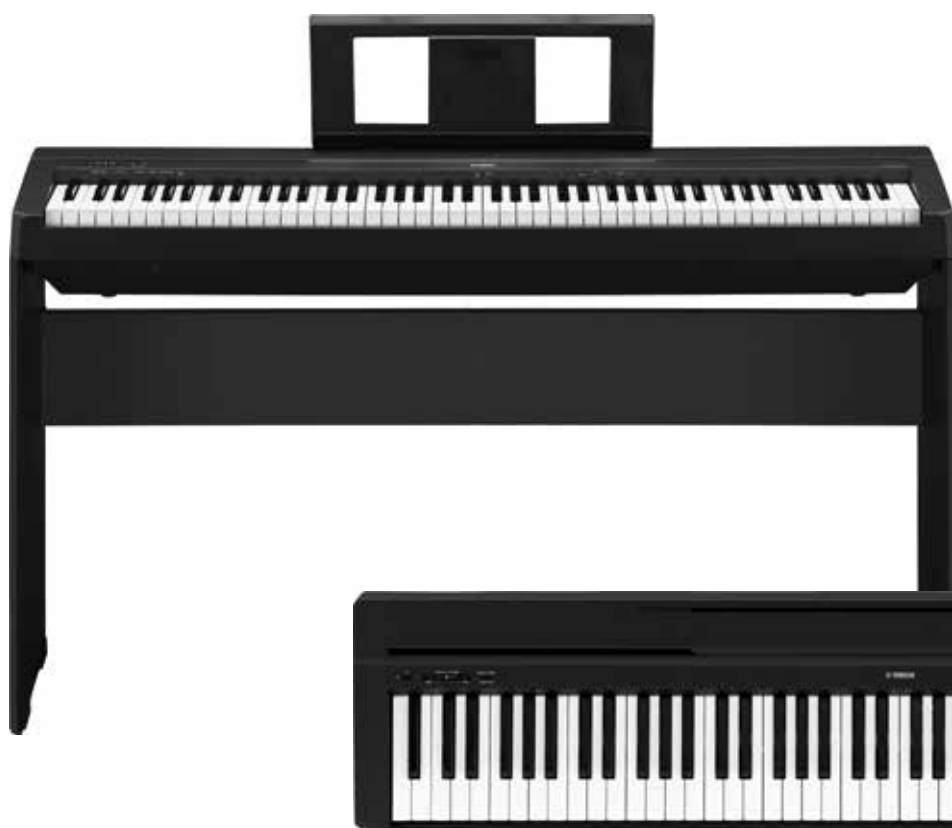

P-45 Highlights

- Graded Hammer Standard (GHS) keyboard with 88 keys and matte-finish black keys
- 10 voices
- 64-note polyphony
- Metronome
- 4 types of reverb
- Dual function
- Duo mode
- USB TO HOST terminal

Optional Accessories

- Stand L-85

Finished in:
Black (P-45)

LUNA B.,
7 YEARS OLD

Luna loves to play her piano. Sometimes she's joined by her best friend Hannah. They really enjoy playing songs using the different sounds and recording their performances to listen to again tomorrow.

“Playing
my piano
is the
perfect
way to
relax...”

LONG-AWAITED SOUND PERFECTION

Playing the piano is an expressive and emotional experience. With many years of knowledge gained from building some of the world's finest musical

instruments, Yamaha understands exactly how the piano needs to respond to the player. When you play a Yamaha, you will experience this for yourself.

Compact & Modern

YAMAHA

YDP-S52

Incredible sound, impressive technology and innovative design

The well-loved sound of a Yamaha piano is something very special. Can it really be possible to capture it in such a modern, compact design? When you experience the YDP-S52 we think that you will be amazed.

We've combined the traditional values of Yamaha's piano heritage with a stunning design, creating an instrument that is both sonically and visually inspiring.

ARIUS YDP-S52 Highlights

- Graded Hammer (GH) keyboard with 88 keys and synthetic ivory keytops
- Pure CF Sound Engine
- 10 voices
- 192-note polyphony
- Metronome
- Damper resonance
- 4 types of reverb
- Dual function
- Duo mode
- 2 track recording (1 song)
- Intelligent Acoustic Control (IAC) and Acoustic Optimizer
- Stereophonic Optimizer
- Half-pedal control
- Integrated library with 50 piano songs
- USB TO HOST terminal

Finished in:

Black walnut (YDP-S52B)

White (YDP-S52WH)

Digital Piano Controller App

The Digital Piano Controller App for your iPhone/iPad/iPod touch gives you easy access to the various functions of the instrument.

You can also use the App to save and manage your recordings and store your favourite set-ups.

See Page 24 for more information.

“Sitting in
the concert
hall with
your eyes
closed...”

CLASSICAL STAGE FOR MAXIMUM ENJOYMENT

Try playing a Yamaha digital piano with your eyes closed. It's quite incredible to think the sound you're hearing comes from such a compact instrument. The combination of the perfectly sampled

tone, subtle ambient effects and high quality speaker systems recreate the concert hall experience in the home. The stage is yours...

PATRICK E.,
39 YEARS OLD

Patrick fell in love with the piano when he was just four years old. The keys have captivated him to this day. At home, he plays a Yamaha digital piano.

YDP-163

High performance and elegant design combine in an outstanding digital piano

The Arius YDP-163 is an excellent option for the ambitious pianist. You will feel the difference when you play it. The GH3 keyboard features a third sensor which improves the responsiveness of the keyboard, especially when playing faster passages. Synthetic ivory key tops enrich the appearance of the instrument and are less affected by moisture from your fingers when

playing for long periods. The amplification and speaker system is also enhanced, a difference that has to be heard to be believed in terms of both power and quality. And, with a superior cabinet design plus a choice of finishes including white ash, you will be in no doubt that you made a great choice!

Digital Piano Controller App

The Digital Piano Controller App for your iPhone/iPad/iPod touch gives you easy access to the various functions of the instrument.

You can also use the App to save and manage your recordings and store your favourite set-ups.

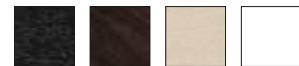

See Page 24 for more information.

ARIUS YDP-163 Highlights

- Graded Hammer 3 (GH3) keyboard with 88 keys and synthetic ivory key tops
- Pure CF Sound Engine
- 10 voices
- 192-note polyphony
- Metronome
- Damper resonance
- 4 types of reverb
- Dual function
- Duo mode
- 2 track recording (1 song)
- Intelligent Acoustic Control (IAC)
- Stereophonic Optimizer
- Half-pedal control
- Integrated library with 50 piano songs
- USB TO HOST terminal

Finished in:

Black walnut (YDP-163B)
Dark rosewood (YDP-163R)
White ash (YDP-163WA)
White (YDP-163WH)

Digital Piano Controller App

The Digital Piano Controller App for your iPhone/iPad/iPod touch gives you easy access to the various functions of the instrument.

You can also use the App to save and manage your recordings and store your favourite set-ups.

See Page 24 for more information.

ARIUS YDP-143 Highlights

- Graded Hammer Standard (GHS) keyboard with 88 keys and matte-finished black keys
- Pure CF Sound Engine
- 10 voices
- 192-note polyphony
- Metronome
- Damper resonance
- 4 types of reverb
- Dual function
- Duo mode
- 2 track recording (1 song)
- Intelligent Acoustic Control (IAC)
- Stereophonic Optimizer
- Half-pedal control
- Integrated library with 50 piano songs
- USB TO HOST terminal

Finished in:

- Black walnut (YDP-143B)
- Dark rosewood (YDP-143R)
- White (YDP-143WH)

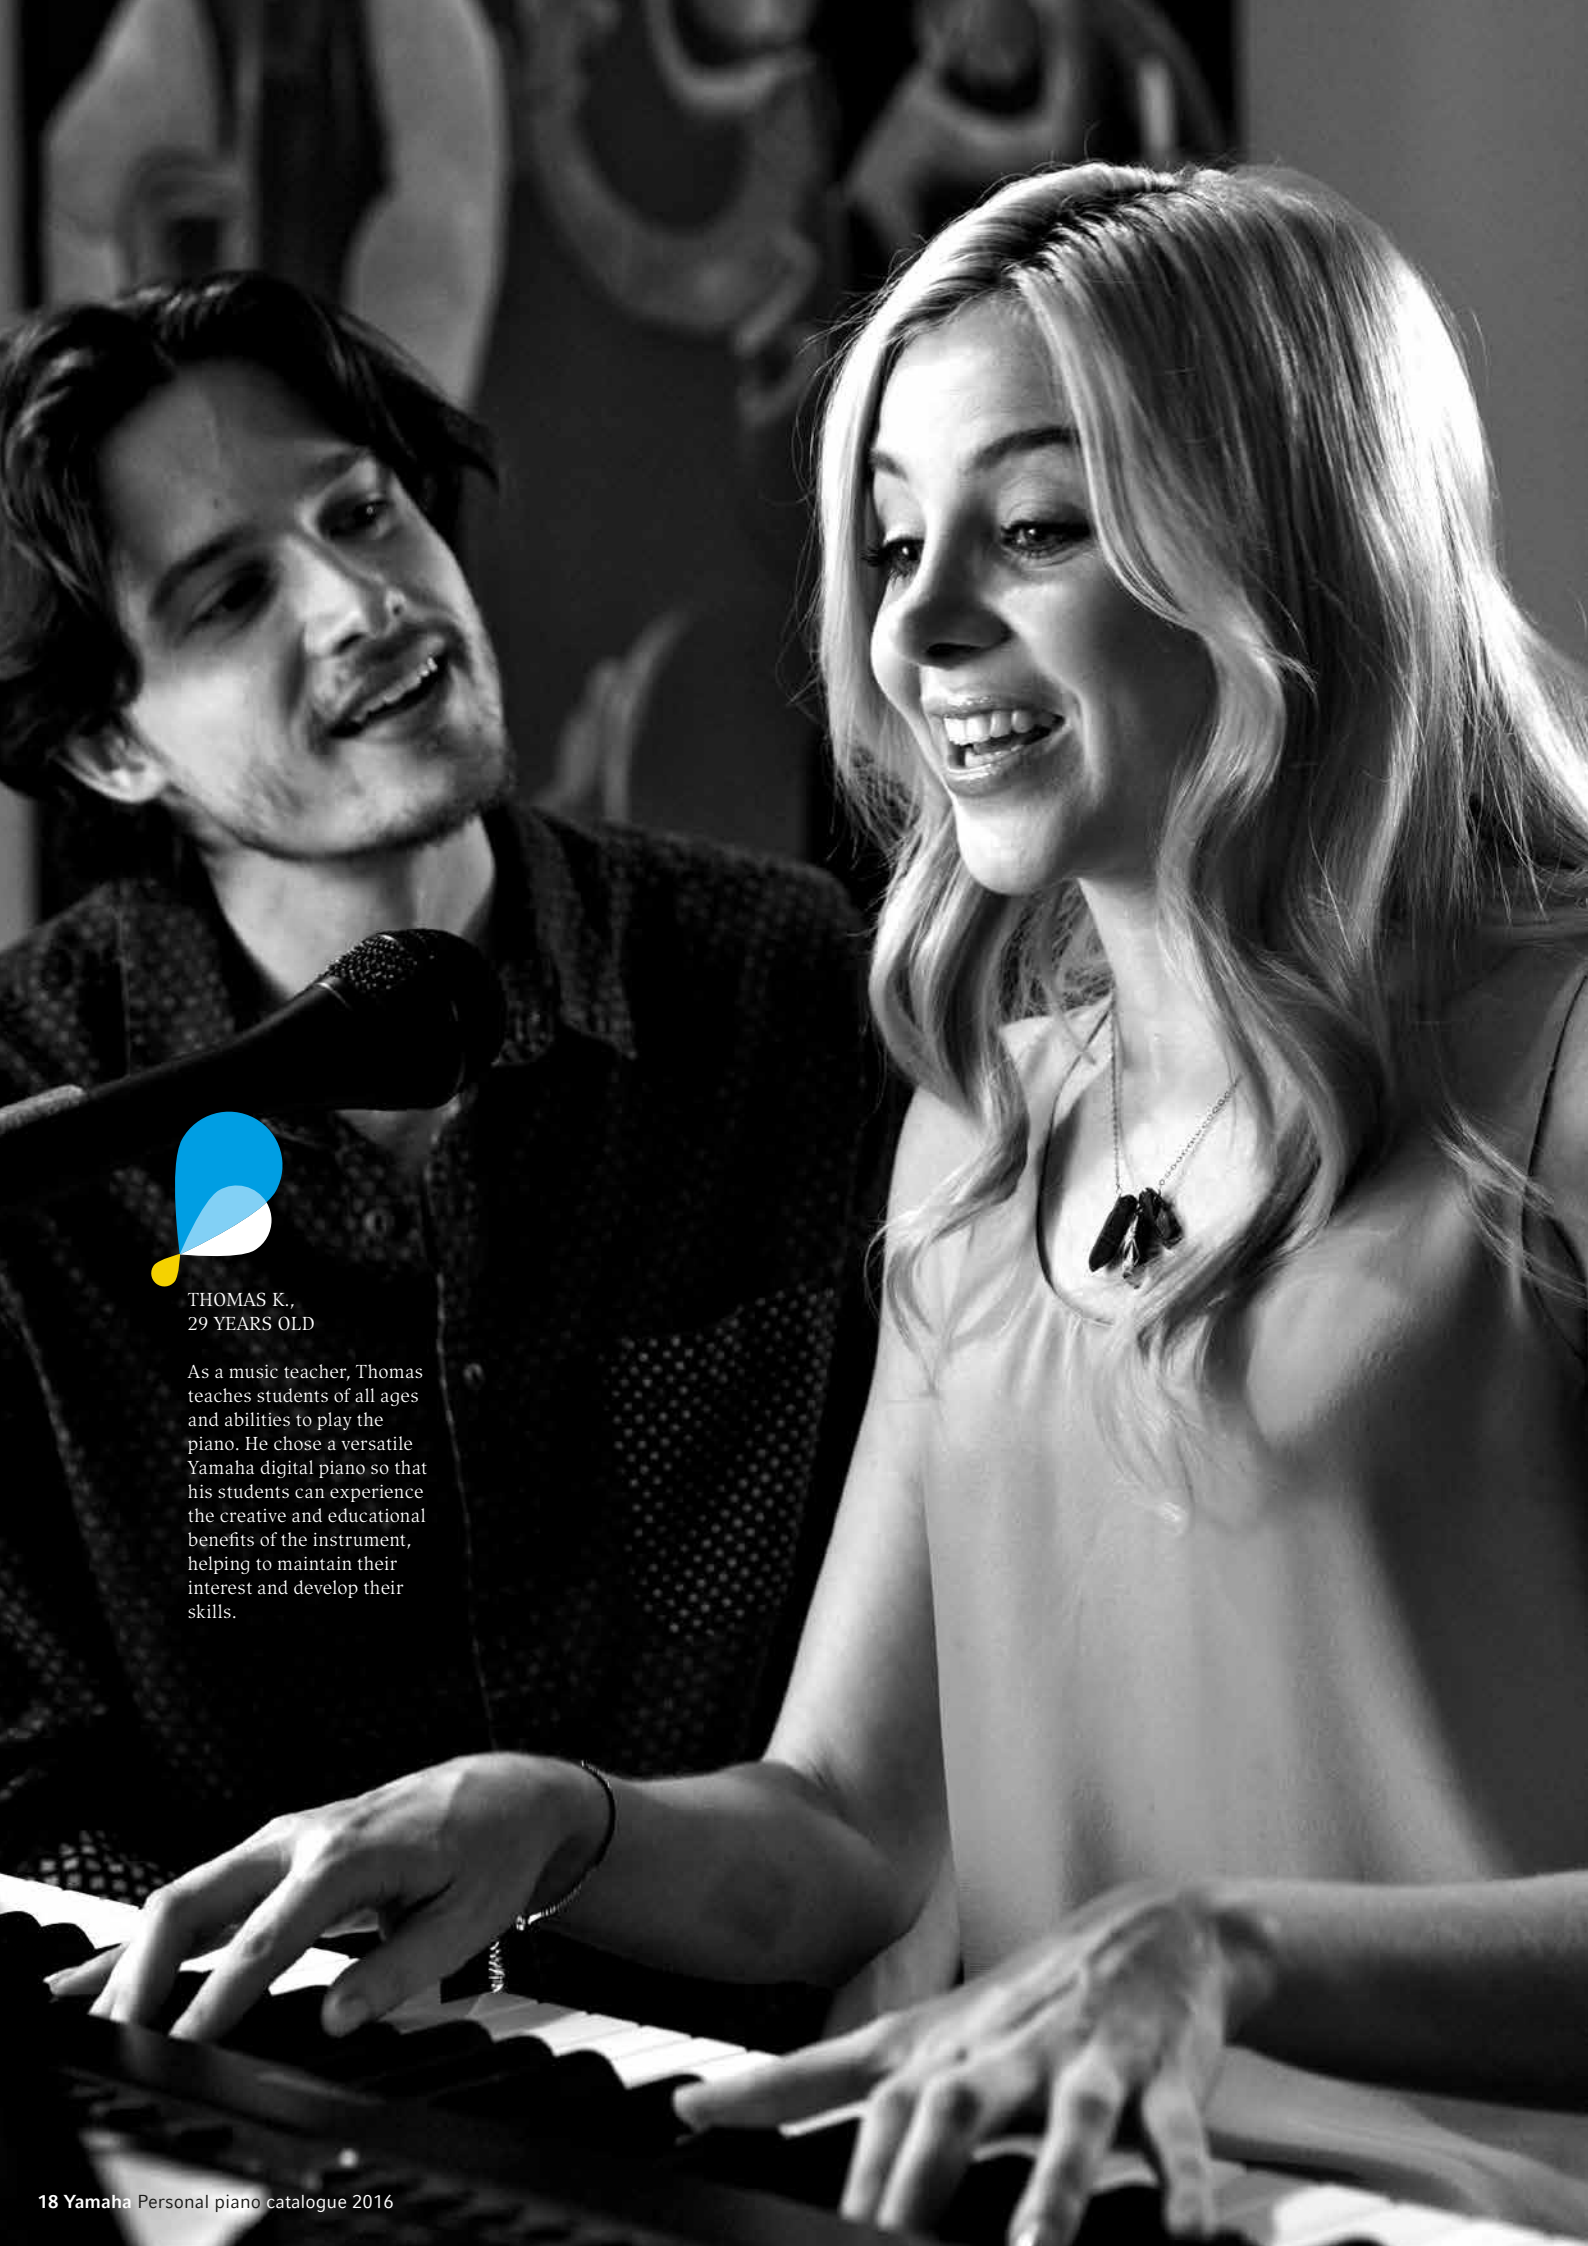

YDP-143

Captivating sound, inspiring features, incredible value

If you're just beginning to play the piano, you should aim to give yourself the best possible start. The Arius YDP-143 has everything you need to take you far beyond those first tentative notes. The Graded Hammer standard (GHS) keyboard, 10 authentic voices, 192-note

polyphony and 2 track recording are the headline features but there's also much more to this piano. And, when you finally stop playing for a while, the elegant cabinet in a choice of finishes will complement any décor.

THOMAS K.,
29 YEARS OLD

As a music teacher, Thomas teaches students of all ages and abilities to play the piano. He chose a versatile Yamaha digital piano so that his students can experience the creative and educational benefits of the instrument, helping to maintain their interest and develop their skills.

“Learning
to play with
a Yamaha
versatile
piano is so
exciting...”

MULTI-TALENTED PERFORMER

The flexibility of a Yamaha versatile piano ensures that everyone can enjoy learning to play and developing new skills whatever their age or ability.

From helpful informative features to the joy of playing and recording with your own “virtual band” you’ll always find something new and exciting to try.

Versatile

ARIUS YDP-V240 Highlights

- Graded Hammer Standard (GHS) keyboard with 88 keys
- 504 voices
- 64-note polyphony
- 160 accompaniment styles
- Advanced Wave Memory (AWM) Dynamic Stereo Sampling
- DSP effects; reverb, chorus and harmony
- 6 track recording (5 songs)
- Dual and Split function
- Spacious graphic display (allowing, for example, the presentation of notes and song lyrics)
- USB TO DEVICE terminal, USB TO HOST terminal

Finished in:

Dark rosewood (YDP-V240)

YDP-V240

Realistic piano sound, sophisticated features and an absolute joy to play

Perhaps you would you like to play piano with a great sound and expressive response? Or maybe you prefer the keyboard or workstation, packed with versatility and creative possibilities? Yamaha is a world leader in both, so who better to combine the two into one incredible instrument? Introducing the YDP-V240. The Graded Hammer Standard (GHS) keyboard offers

true piano expression and playability and with more than 500 voices, 160 backing styles, LC information display and many other great features, the fun need never end. Players of all abilities will find true inspiration as they perform with a professional “virtual band” while budding composers will find tools that really help develop their ideas into sonic reality. An entire orchestra awaits you...

Chord Tracker App

The optional accessory UD-WL01 wireless LAN adaptor allows you to connect the DGX-660 to a Chord Tracker for iOS devices.

For further information on apps please go to Page 24.

DGX-660 Highlights

- Graded Hammer Standard (GHS) keyboard with 88 keys and matte-finished black keys
- Pure CF Sound Engine
- 554 voices
- 192-note polyphony
- 205 accompaniment styles and Style Recommender
- Piano Room function
- Damper resonance
- DSP effects; reverb, chorus and harmony
- Dual and Split function
- 6 track recorder/USB-Audio Recorder
- Spacious graphic display (allowing, for example, the presentation of notes and song lyrics)
- Intelligent Acoustic Control (IAC)
- Mic input with effects
- USB TO DEVICE terminal, USB TO HOST terminal

Optional Accessories

- Pedal unit with 3 pedals in black LP-7A or white LP-7AWH

DGX-660

Piano, recording studio, band, orchestra... an instrument with immense musical versatility awaits you

The DGX-660 is simply loaded with music power. Hundreds of sounds and backing styles, audio and MIDI recording, microphone input with effects... the list is almost endless. However, it's still incredibly easy to operate; everything is controlled from the intuitive panel and graphic information display, allowing you to focus on the music. Of course, when you just want to play piano, you still have the great sound and faithful response for which Yamaha is renowned. The Piano Room feature gives you a choice of different pianos and room acoustics – you

can even adjust the lid position of your virtual grand piano! The DGX-660 can be connected to computers and other devices via USB and there's also an optional wireless adaptor (UD-WL01) available to connect to your network. For maximum versatility, whatever your style of music, the DGX-660 is an outstanding digital piano and more!

Chord Tracker

The Yamaha Chord Tracker App for iPhone/iPad/iPod touch helps you to practise and perform songs by analysing audio tracks stored in your iOS device and identifying the chords of the song.

Scale Tuner

The Scale Tuner App allows you to change the tuning of a compatible Yamaha keyboard or digital piano to Arabic or pure temperament tuning.

MusicSoft Manager

MusicSoft Manager manages your instrument content library from internal memory, connected storage devices, iPhone/iPad/iPod touch, computer and even Dropbox cloud storage services.

My Music Recorder

My Music Recorder is a application designed for parents to easily record, archive and share their children's daily musical performances.

Visual Performer

Visual Performer is an App for iPad/iPhone/iPod touch that creates visual animations from your MIDI-based performances.

Piano Diary

Your personal "piano playing diary". Record your own piano playing for later replay, make up your playing statistics and enjoy rewards for your continuous piano practice.

Sound Controller

Sound Controller offers extensive controls such as pitch, cutoff filters, reverb and chorus levels bringing new dimensions to your performance.

NoteStar

With NoteStar, keyboard players can practise with a real band. The App provides easy-to-read sheet music, accompanied by audio tracks with vocals.

Digital Piano Controller/P-255 Controller

You can now control the key features of compatible pianos by using the Digital Piano Controller App for iPhone/iPad/iPod touch.

Voices and rhythms (on P-115/P-255) can be selected, together with access to additional functions such as the metronome and keyboard modes. The App also enables you to save and manage your recordings and store your favourite piano set-ups.

Even if you don't own an instrument, you can download the App and listen to audio samples of the various voices.

For further apps we refer you to <http://yamaha.com/kbdapps/>
Our App Store offers you a wide selection of apps.
